When you hear news of earthquakes, flooding, and other disasters around the world, do you wish you felt better prepared to respond during an emergency in our area?

The **Community Emergency Response Team (CERT)** Program educates people about disaster preparedness for hazards that may impact their area. Basic disaster response skills taught include:

- *Disaster Awareness and CERT Organization
- *Damage Assessment
- *Incident Command
- *Fire Suppression, Hazardous Materials, and Terrorism
- *Search and Rescue
- *Medical Skills
- *Psychology of Disaster

Using the training learned allows CERT members to assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help.
